

Roto Smeets

OverprintCheck - version 2006

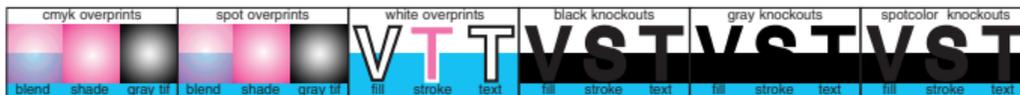

OverprintCheck inspects the workflow output for Certified PDF/X overprint compliancy.

Procedure:

1. Print, proof and display the certified PDF with all the applications being used for approval.
2. In all cases the upper OverprintCheck should be equal to the lower Certified PDF/X reference.

Any difference may result into production problems: Roto Smeets printing is Certified PDF/X build.
